DCWC Contents Update

**About the document**
The library subscribes to about 51 Indian journals and 10 Foreign journals. Contents update is a classified compilation of the table of contents of journals received in the library during the quarter. It would serve as a useful reference tool to researchers as the titles of articles are arranged under various subjects of general interest such as adolescence, child development, child welfare, health, nutrition, women’s empowerment, social development etc. User can see the current as well as archives of “DCWC Contents Update”.

*Choose keyword for the articles you wish to search in the content page.
*Visit library and access full text of the short listed articles.
*External readers can avail this facility through DELNET (Inter Library Loan) facility besides visiting our library.
